CUSTOMIZED SOFTWARE FOR MECHON'S DAILY OPERATIONS

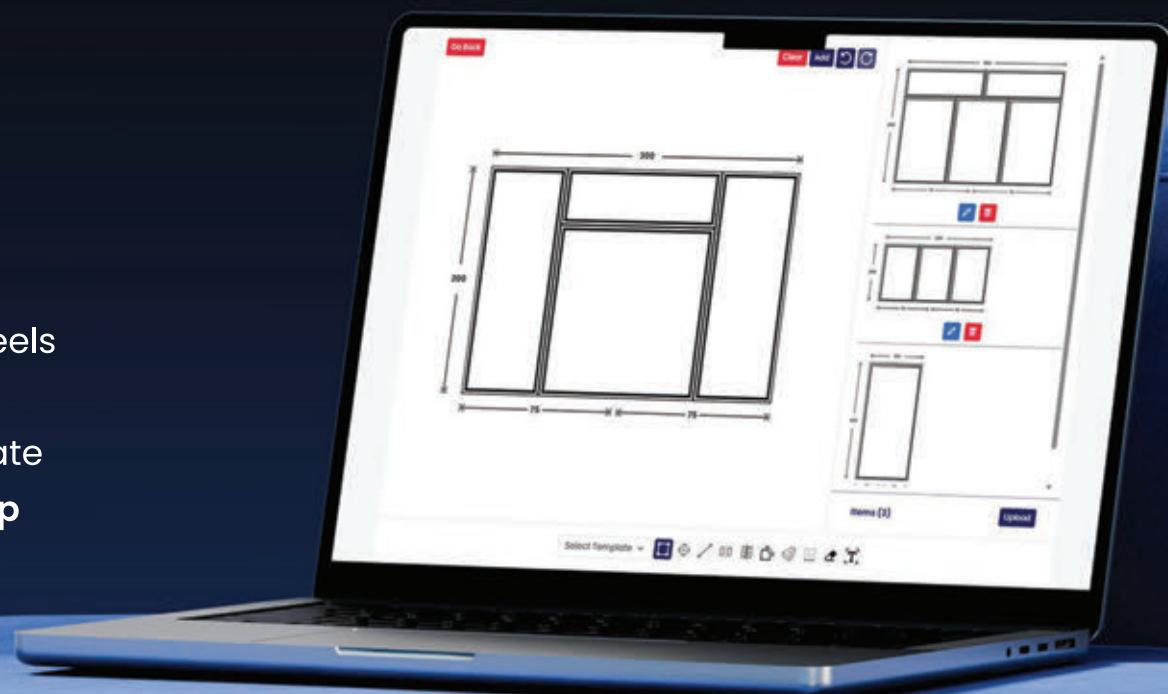

We built a custom software for Mechon International to manage sales, projects, inventory, and reports all in one place. **It helps their team work faster and stay organized.**

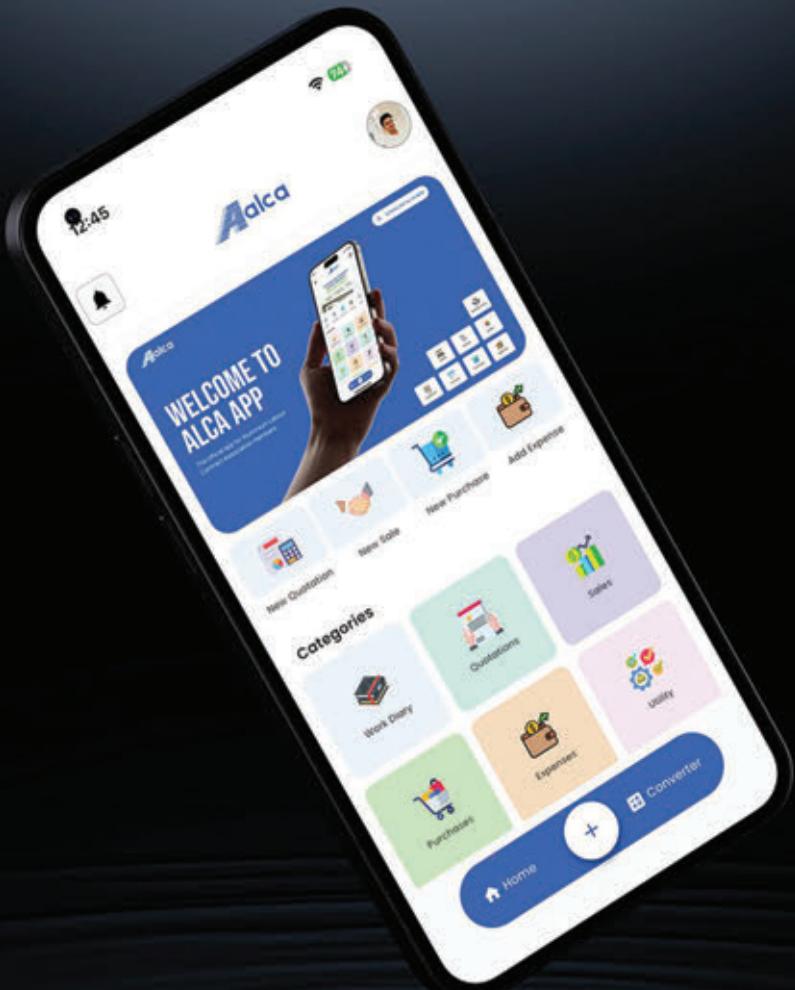

DESIGN SOFTWARE FOR FERTECH STEELS & DOORS

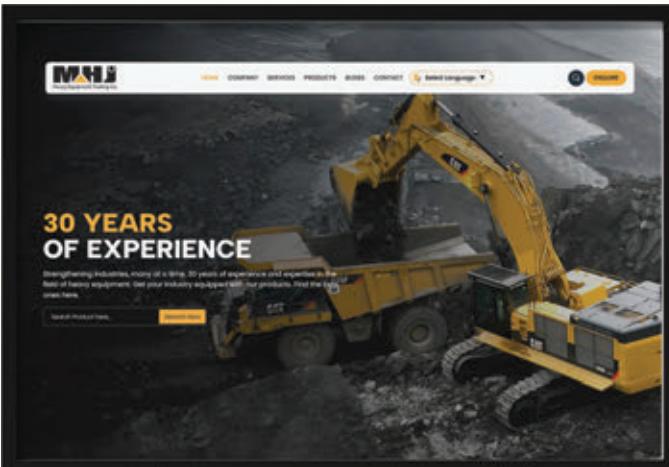

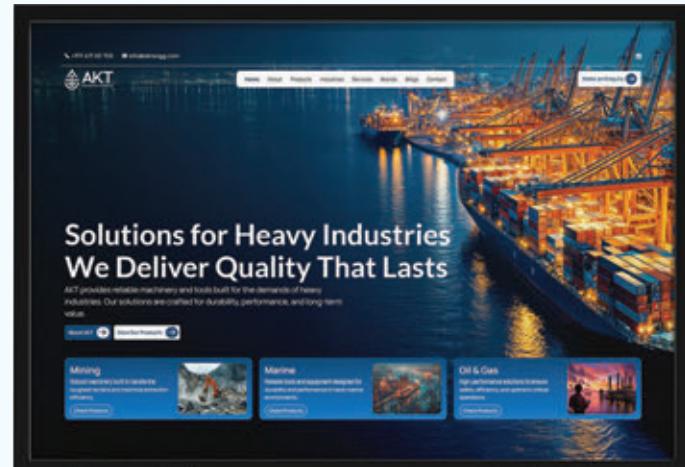

We created a custom software for Fertech Steels & Doors to design and visualize windows and doors easily. It helps their team create accurate drawings, **make quick changes, and speed up the design process.**

ALCA MEMBER & BUSINESS MANAGEMENT MOBILE APP

We developed a mobile app for the Aluminium Labour Association (ALCA) to help members connect, manage their accounts, and handle business activities easily. **The app makes communication and record-keeping simple and organized.**
